Hi everyone! Chiko is here!

Summary

A scene totally out of character, but a cute scene, in the way of a children animation, with Chiko.

- A translation of [Salut à tous! Chiko est là!](#) by [MiaQc](#)

Hi everyone! Chiko is here!

Today I will pick apples in my garden.

Well, it looks like I have visitors.

Isn't this great?

They can help me with the apples!

And you, children, do you want to help too?

You can!

We will count the apples together.

One.

Two.

Three.

...

Ten!

Ten large apples for my basket!

Oh dear, it seems our time is up.

See you next time!
